### PRODUCT DESCRIPTION

Crystal-clear tape of superior quality. Sticks firmly and doesn't yellow. Can easily be torn by hand. Also available in handy dispensers with metal blade for a neat cut. For many uses at home, at school and in the office. Tape width 19mm.

### FIELD OF APPLICATION

For 1001 applications at home, at school and in the office - like wrapping, fastening, fixing, packing and much more.

### PROPERTIES

- crystal-clear
- high adhesion
- no yellowing
- can easily be torn by hand
- solvent-free
- unwinds without noise

### PREPARATION

**Surface requirements:** Surfaces to be glued should be clean, dry, and free of dust and grease.

### APPLICATION

**Directions for use:**

Do not touch the adhesive as this reduces the adhesive strength.
